From: Don Higgins, Deputy Superintendent

Re: **Grand Opening: New Big Tree Road Bridge over Hemlock Outlet**

Town of Livonia  
Livingston County  
BIN 3316390  
PIN 4752.26

This is to inform and invite you to a brief ribbon-cutting ceremony, in commemoration of the completion and opening of the new Big Tree Road bridge (county-owned structure on a town road). **This will take place this coming Wednesday, October 2, at 11:30am.**

Replacement of the old, deficient truss bridge was made possible with funding through the federal ISTEA Timber Bridge Grant Program (80%), the N.Y.S.D.O.T. Marcheselli Program (15%), and County monies (5% + engineering costs).

The new bridge (pressure-treated timber superstructure; concrete substructure) was designed by Sniedze Associates of Canandaigua, constructed by C.P. Ward of Rochester, and inspected by Empire House and Structural Inspections of Odessa.

We are very appreciative of the cooperation, performance and workmanship provided by all public and private parties involved in this topnotch project.

**We hope you are able to attend this ceremony.**
